	Geography	2	-	2	Master's Degree with Thesis: Bachelor's degree in formal education in Geography PhD Program: Bachelor of Geography (formal education) and a Master's degree Thesis in Geography.
	Management Information Systems	2	-	2	Students applying to the program must graduate from one of the Programs such as Management Information Systems, Business Informatics and Computer Informatics. Students who apply to the program for PhD must have a master's degree with a thesis from one of the departments of Management Information Systems, Computer Informatics or Business Informatics.
	Sociology	3	-	-	Students applying to the program must have a bachelor's degree in Sociology.
	Social Service	1	-	-	Students applying to the program must have a bachelor's degree in Social Service.
	Business Administration	3	-	2	Master's Degree with Thesis: Bachelor's degree in Business Administration, Political Science and Public Management. PhD: Master's Degree with Thesis in Business Administration.

Health Sciences Institute	Veterinary Physiology	1	-	-	Applicants must have a bachelor's degree from the Faculties of Veterinary Medicine, Medicine, Dentistry, Pharmacy and Health Sciences, Science and Letters and the School of Health.
	Veterinary Physiology (PhD)	-	-	1	Applicants must be graduates of the Faculties of Veterinary Medicine, Medicine, Dentistry, and a master's degree with a Thesis in Health Sciences.
	Veterinary Internal Diseases	-	-	1	Bachelor's Degree in Veterinary Medicine.
	Fertilization and Artificial Insemination	-	-	2	Bachelor's Degree in Veterinary Medicine.
	Internal Diseases Nursing	1	-	-	Bachelor's Degree in Nursing Departments of the Faculty of Health or School of Health.
	Physiotherapy and Rehabilitation	1	-	-	Bachelor's Degree in Physiotherapy and Rehabilitation or Physical Therapy and Rehabilitation.
	Animal Nutrition and Nutritional Diseases	-	-	1	Bachelor's Degree in Veterinary Medicine or to complete a Master's Degree in Animal Nutrition and Nutritional Diseases.
	Animal Products Hygiene and Technology	3	-	-	Bachelor's Degree from Faculty of Veterinary Medicine, Food Engineering, Agricultural Engineering (Food Science and Technology, Dairy Technology, Aquaculture and Technology Departments), Faculty of Arts and Sciences (Chemistry-Biology Departments), Water Faculty of Products, Faculty of Health Sciences and Faculty of Health School (Department of Nutrition and Dietetics)
Institute of Science	Physics	5	-	3	Applicants must have graduated from Physics, Physics Engineering and Physics Teaching undergraduate program. (For Master's with Thesis) Applicants must have a Physics Master's degree or a Physics undergraduate degree. (for PhD)
	Chemistry	5	-	5	Applicants must have graduated from a Bachelor's program in Science, Engineering or Health. (For Master's with Thesis) Applicants must have graduated from a Master's program in Science, Engineering or Health. (for PhD)
	Biology	3	-	-	Applicants must have completed their undergraduate education in Biology or Biology-related departments. (For Master's with Thesis)

					Applicants must have a master's degree in Biology or Biology-related departments. (for PhD)
	Food Engineering	2	-	-	Applicants must have a Bachelor's Degree in Food Engineering.
	Mechanical Engineering	2	-	-	Applicants must have a Bachelor's Degree in Mechanical Engineering.
	Materials Technologies Engineering	1	-	1	Applicants must have a Bachelor's Degree in Materials Technologies Engineering.
	Computer Engineering	1	-	-	Applicants must have a Bachelor of Computer or Software Engineering degree.
	Spatial Planning and Design	2	-	1	Applicants must have a bachelor's degree in Interior Architecture, Landscape Architecture, City and Regional Planning. An adjustment program will be applied to students deemed necessary by the Department. (For Master's with Thesis) Applicants must have a bachelor's degree in Landscape Architecture, City and Regional Planning. An adjustment program will be applied to students deemed necessary by the Department. (for PhD)
	Nanoscience and Nanotechnology	2	-	-	Applicants must have an undergraduate degree from one of the Science and Engineering Fields.
	Architecture	1	-	-	Applicants must have a bachelor's degree in Architecture.
	Landscape Architecture	2	-	1	Applicants must have a bachelor's degree from Landscape Architecture, City and Regional Planning programs. An adjustment program will be applied to students deemed necessary by the Department. (For Master's with Thesis) Applicants must have a bachelor's degree from Landscape Architecture, City and Regional Planning programs. An adjustment program will be applied to students deemed necessary by the Department. (for PhD)
	Molecular Biology and Genetics	2	-	-	There are no conditions.
	Energy Systems Engineering	2	-	-	Applicants must have a bachelor's degree in Energy Engineering, Energy Systems Engineering, Physics Engineering.

	Sustainable Agriculture and Food Systems	7	-	-	Applicants must have a bachelor's degree from Crop Production, Biosystem, Horticulture, Soil Science, Plant Feeding or Watering (3 Quota). Applicants must have a bachelor's degree from Agricultural Biotechnology or Molecular Biology and Genetic (1 Quota). Applicants must have a bachelor's degree from Biology education, Fisheries Engineering or Science Education (3 Quota).
	Mathematics	1	-	-	Applicants must have a bachelor's degree from Mathematics, Secondary School Mathematics Teaching, Primary School Mathematics Teaching or Science Teaching.
	Civil Engineering	1	-	-	Applicants must have a bachelor's degree from Earthquake Engineering.
	Electrical and Electronics Engineering	1	-	1	Master's Degree with Thesis: a bachelor's degree from Electrical and Electronics Engineering. PhD: A Master's Degree from Electrical and Electronics Engineering.
Institute of Education Sciences	Music Education Master with Thesis	2	-	-	Applicants must have a Bachelor's Degree in Music Education. Exam Parts: a-Instrument Performance b-Musical Analysis (Formal and Harmonic) (Written and/or Oral) c-Field Information (Written) *The contribution of the first two parts is 25%, the contribution of the last part is 50%.
	Music Education PhD Program	-	-	1	Exam Parts: a-Instrument Performance b-Musical Analysis (Formal and Harmonic) (Written and/or Oral) c-Field Information (Written) *The contribution of the first two dimensions is 25%, the contribution of the last dimension is 50%.
	Guidance and Psychological Consulting	1	-	-	Applicants must have a Bachelor's Degree in Guidance and Psychological Consulting

English Language Teaching	5	-	-	-	Applicants must have a bachelor's degree from English Language Teaching or English Linguistics, English Literature, and have the language score specified in the relevant regulation or an equivalent score.
Turkish Language Teaching	1	-	-	-	Applicants must have a bachelor's degree from a department related to Turcology or Turkish Teaching.
Social Studies Teaching	3	-	-	-	Applicants must have a bachelor's degree from one of the fields of Social Studies Teaching, History Teaching or Geography Teaching.
Mathematics Teaching	3	-	-	-	Applicants must have a bachelor's degree from Mathematics Teaching.
Physical Education and Sports Teaching	5	5	5	5	Master's Degree: Applicants must have a bachelor's degree in related department. PhD: Applicants must have a master's degree in related department.
Science Teaching	5	-	-	-	Applicants must have a Bachelor degree from Science Teaching.
Pre-School Teaching	1	-	-	1	Master's Degree: Applicants must have a Pre-School Teaching Undergraduate Degree. PhD: Applicants must have a Pre-School Teaching Master's Degree.
Primary School Teaching	1	-	-	-	Applicants must have a Bachelor's Degree in Primary Education / Basic Education.
